

# RECEIVES LETTER FROM SON NOW IN HAWAII

Mrs. Emma Crocker and Jean were made happy last week when they received a letter from Jeriel Crocker, who is with the U. S. Army in Honolulu. They have had only two letters in two months. The letter states that he is fine and that he has been in the kitchen for two months and likes it. Jeriel does not hear from home very much, but says it sure is good to get a letter. He still thinks he will get to slap some of those dirty Japs in the face, and then will get to come back to the States and good old Elba, where he will have the pleasure of shaking hands with old friends and schoolmates, and getting some of mother's good home cooking. He has been away over two years. He states that he would appreciate a letter from any friend back home, for it is lonely there. His address can be secured from his family.

Scrape or grate a raw Irish potato and apply it like a poultice, to burn. It will be found most soothing.

## Seed Money

There's only one thing more foolish than killing the goose that lays the golden egg. That's living up the money that has been put away to buy the seed for next year's crops. Although G-E turbines and lamps and refrigerators don't grow from any seed you can buy at a seed store, yet any manufacturer—no matter what he makes—has a seed problem just the same. For next year's models, and improved designs, and new products—all these cost money. Money for research, and engineering, and new tools, and advertising to tell the public where a product can be obtained, and how much it will cost.

And the only place this money can come from is out of past earnings, or borrowing on the promise of earnings in the future. In other words—seed money.

From the seed of research and engineering, planted in years past by General Electric, have come some pretty amazing crops. Incandescent lamps five times as efficient as Edison's, vacuum tubes that made radiobroadcasting possible, refrigerators for the home and electric machines for industry to make important jobs easier.

Right now the crops we're growing are all of the "Victory Garden" kind—weapons that are serving with our armed forces on land and sea and in the air.

But we mustn't neglect the seed money for the future. We're looking forward to the continuance of the industrial system that will allow us to open up and cultivate other new and promising fields. So, tomorrow, look for important developments in television, fluorescent lighting, plastics, electronics. These will be familiar words in the post-war world. GENERAL ELECTRIC COMPANY, SCHENECTADY, N. Y.

RECEIVES LETTER FROM SON IN SAN DIEGO

Mrs. Annie Crocker has just had a letter from her son, Noah Waylon Crocker, who is in the U. S. Navy, now stationed at San Diego, California. He reports that he is getting along fine, and that everything in the West is O. K.—just the kind of life he likes. He has been in service since Nov. 20, 1942.

Crocker is working in the selection office and when he finishes this course he plans to go to radio school. After this he hopes to get leave for a visit back home, when he will see relatives and old friends.

Sgt. Wade Mallory, stationed at Fort Bragg, N. C., arrived in Elba last Thursday for a short visit with home folks.

Notice of Sale  
Mrs. Stacie Fortines, Complainant, vs.  
H. B. Paulk and D. E. Forelines, Respondents.  
In the Circuit Court of Coffee County, Alabama, at Elba, in Equity.

Notice is hereby given that, under and by virtue of authority contained in an order of the court entered in this cause on the 30th day of February, 1943, the undersigned Register of said court will offer for sale and sell at public auction, at the front door of the courthouse in Elba, Alabama, to the highest bidder for cash, on Monday, April 6, 1943, the following described property, to-wit:

The N 1/4 of Lot No. 2 in Block 1, Subdivision 1, of the Northwest corner of Lot now owned by Bill Ward, and running North 25 feet to Lot of W. A. Gattin, formerly owned by Kinship Supply Company, thence East 150 feet along said W. A. Gattin lot to an alley, thence South along said alley 25 feet to J. M. Richardson lot, now or formerly owned by him, thence West along said alley 25 feet to the alley, together with all improvements on said lot and all interest in adjoining walls, said property lying and being situated in the town of Kingston, Coffee County, Alabama.

The sale of the above described property will be made for the purchase shown by the above mentioned decree of the Circuit Court of Coffee County, Alabama, Elba Division.

This the 10th day of March, 1943.

CLAYTON CLARK, Register of the Circuit Court of Coffee County, Alabama.

## IMPORTANT TO BED SWEET POTATOES NOW

Auburn, Ala.—Starting a sweet potato crop by selecting good seedling at bedding time and following through with good cultural practices will help Alabama reach the increased sweet potato goal for this year.

"Only clean seed should be bedded," says W. A. Rufin, extension horticulturist. The selected seed should be disinfected by dipping for ten minutes in corrosive sublimate (bichloride of mercury), one ounce to eight gallons of water. Dissolve the chemical in a small amount of hot water and dilute to eight gallons. Wooden containers should be used as it will corrode metal. Bed potatoes immediately after dipping.

Potatoes should be bedded in Central Alabama March 1 to 15. Five bushels of potatoes will furnish slips enough to plant one acre. Slips should be ready for planting within a month after bedding.

## EVERY FARM WOMAN ASKED PRODUCE FOOD

Auburn, Ala.—During the weeks of March 1-20, every Alabama farm woman is being asked to pledge to produce as much of the home food supply as possible, announces Elizabeth Forney, Extension home agent of the Alabama Polytechnic Institute.

The roll call was launched under leadership of State and County home demonstration agents. Neighborhood leaders, organized recently by local county and home agents, will visit every rural family and talk over the serious food situation, give home food supply suggestions in the Victory Home Food Supply program.

Fountain Edward Lee and John Glenn Lee who are both with the armed forces are home for a few days' leave.

Dan Fred Prescott, of Montgomery, spent several days last week with his parents, Mr. and Mrs. D. F. Prescott.

Misses Winifred Grimes and Ruth Burke, of State Teachers College, Troy, visited Mrs. Jake Morrow during the week-end.

Donald Reddick, U. S. Navy, is spending several days in Elba with his brother, Mr. Jim Reddick, and his sister, Mrs. A. F. Bullard.

Miss Mildred Lunsford, who underwent a tonsilectomy at a Troy hospital Saturday, has recovered sufficiently to be removed to her home in Zion Chapel community.

Bancroft Cooper, who is training at Maxwell Field, spent Sunday in Elba with his mother, Mrs. R. L. Cooper, and family.

Mrs. Herbert Thomas was the guest of her brother-in-law and sister, Major and Mrs. Aubrey Dominick, in Montgomery for the week-end.

Misses Mary Mac Chaney and Gloria Miller, of Enterprise, were week-end guests of Mrs. Grady Rhodes.

Lieutenant and Mrs. Henry Dorsey and little daughter, Virginia Lee, are here from Fort Sill, Okla., for a week's visit with relatives.

RECEIVING AWARD FROM NAVY

About forty men enjoyed a fish and chicken fry at the vocational building Tuesday night, given by the Elba Lions Club, celebrating the fine record made by the Elba High School basketball team the past season.

E. P. Geiger served as master of ceremonies, ably assisted by "Funny Boy" W. T. Whitman, Jr., who put on a baby-dressing contest, in which three young daddies, Walter Whitman, Jr., E. P. Geiger and Dozier Roberts, participated. Their manipulations of pins, cloths, etc., and witty remarks afforded plenty of fun and amusement.

A number of short talks were made, praising the remarkable record of the basketball team, which won 22 straight games, including two wins at the state tournament. "One-Man Gang" Coach Dixon was roundly praised for his outstanding efforts. He responded by saying that his success was due in large measure to the fine physical fitness and good habits of his boys. He said that little or no cigar smoking was indulged in, and the stamina of his boys was evidenced all through the season which was in marked contrast to the high school auditorium Tuesday afternoon with Mrs. W. C. Braswell presiding at the business period, and leading the program.

The National Anthem was played by Mrs. Arden Bradley and sung by the assembly as the opening number. Mrs. Kline Bentley gave the devotionals using as theme of discussion, "The Beatitudes," Supt. J. C. Dixon led the prayer.

Carolyn Vaughan played piano, solo, "Tropical Breeze" and Martha Wise played "Jolly". A clever skit explaining War Ration Book No. 2 was presented by Mrs. Howard Moore, Doris Jones, Jean Moore, Jeff Carney III and Linda Chancellor Jeannette Labert announced the characters and read a poem, "What Thrift Means."

Miss Nell Moates, teacher of home economics, gave a short quiz on nutrition and made an interesting talk on "Meeting the Nutrition Needs of the Family Under the Present Rationing Program."

In connection with her talk Miss Moates displayed various food and clothing ration stamps, showing a balanced diet for an adult.

Following the program, Mrs. Vatus Maddox, secretary, read minutes of the last meeting and gave the treasurer's report in the absence of Mrs. Jake Morrow.

Mrs. Dixon announced that \$25 was added to the P.T. A. funds from proceeds of the entertainment recently presented, "The Casablanca Sextet," under the direction of Fleetwood Carney.

Mrs. A. C. Dunaway, Salvage chairman, asked the P.T. A. to cooperate in the drive for tin cans by giving prizes to the three children bringing the greatest number of cans. The organization voted unanimously to furnish the prizes.

The entertainment given the senior class each year by the P.T. A. was discussed, and a committee composed of Mrs. F. F. Clark, Miss Nell Moates and Mrs. James English was appointed to make necessary arrangements.

The following nominating committee was named by the president: Miss Zedie Rowe, Mrs. H. Jeter and Mrs. James English.

The meeting adjourned and the members were invited to the classroom of Mrs. J. W. Kendrick for an exhibit of attractive articles made during the first term by members of her Occupation Class.

## CAMP GRUBER SOLDIER WRITES COFFEE FRIENDS

March 14, 1943.

Hello to all my friends back home! How is everything? We are all o. k. and having a big time. Weather is fair now but tonight it is liable to be snowing. The past week we've been staying out on the range. Many spent a night or two out. It snowed a little but we had plenty of cover. All our old blanket to lay on, one to cover with, and we used stoves for pillows.

It is like the song—they build you all over in the Army. We fired our big guns at night, and a lot of fun. Some of our boys out here say we've got a heavy train with bucket's on the wheels. I guess we have, for most of our home boys are still together and we love each other as brothers. But we do not know what time we might be split up.

I got my Clipper this morning and saw where Lt. James Horn gave Clark Gable his basic training. It brought back memories of when I got my basic training in Camp Blanding, Fla.

Clark Gable makes me think of training with Clark Maddox. He was a good old boy and we hated to see him get out of the battery. Last week we all had a good time and lots of fun. Made a 25-mile hike. We are used to walking or running, so it didn't hurt us much. Only three or four of our boys went to bed when they came in with the bottom of their feet blistered, but no one fell out.

Cpl. Big Man Talbot was on the hike with us, and all we could hear was his yelling, "let's go!" He was like a wasp—hardly able to go, but didn't give up. He had all the new boys thinking he was tough. He has lots of fun with them. He calls them "Dum Yankies" to their faces, but they don't care. Seems that they all like him. He won't let them call him "Big Man," but makes them call him Corporal.

Will stop for this time, for I've got to go to church. All of our boys lately seem to like to go to church, and are trying to live a better life. We still think of all our friends back home, and wish them the best of luck. Write some time to all the boys out here. So long.

Pfc. Irvin L. Johnson,  
Camp Gruber, Okla.

## NEW SCOUT EXECUTIVE FOR SOUTHEAST AREA

JAMES J. JAXON OF Eufaula, President of the Southeast Alabama Council, Boy Scouts of America, announced that A. W. "Tex" Benner, former Field Scout Executive of the Montgomery Area Council, Selma District, took over his duties as Scout Executive of this Council Monday, March 15. Mr. Benner has served for five years as a volunteer Scout Leader in San Antonio, Texas. He has a splendid record of service in Selma, having developed that District from one lone Scout to a total at present of 425 Scouts and Cubs.

In the interest of further promoting the Scouting program in Elba and throughout Coffee County, Mr. Benner, at an early date, will contact District Chairman Dozier Roberts and his Committee.

The new Executive, his wife and two children will reside in Dothan.

## Improved SUNDAY UNIFORM SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.  
OF THE ELBA CLIPPER  
(Published by Western Religious Union.)

### Lesson for March 28

Lesson subjects and Scripture texts are prepared by the Committee on Religious Education, used by the churches.

### THE APPEARANCE AFTER THE RESURRECTION

LESSON TEXT—John 20:1-21.  
GOLDEN TEXT—I am alive for evermore.—Revelation 1:18.

The most important day in all history was the first day of the week following the crucifixion of Christ. Then He appeared to His disciples at their risen Lord. All the hope of all mankind for all eternity depended on His victory over death.

By events new had come to the disciples of His resurrection. They were half in hope and half in uncertainty. They had gathered to talk over these matters. Fearful of the Jews, they met behind closed doors. All at once He was there—the Lord. They met behind closed doors. All at once He was there—the Lord. They met behind closed doors. All at once He was there—the Lord.

1. From Fear to Gladness (vv. 19, 20).

Their eyes had been upon their enemies and they were afraid. Now they were glad, when they saw the Lord. We need to learn that lesson. If we look upon the things of this world, we are ashamed and discouraged. If we look around us, we are confused and fearful. If we look to Christ, we are glad and strong.

Notice that their joy was not based only on an emotional impulse. They saw Christ in His resurrection body—the very One who had died. His evidence was before them. They saw Him, and they knew that He was the same. The whole realm of spiritual truth was now in focus again, and they were glad. So we when we really see Christ.

II. From Weakness to Strength (vv. 21-23).

The disciples who were called to be witnesses for Christ had lost their testimony when He died on the cross. Doubt and discouragement had so weakened them that they were in hiding instead of being out proclaiming His truth.

Now the risen and victorious One sent them forth with the Father's blessing. They were empowered by the Holy Spirit, and given great authority (v. 23). Note that it was given not to one man or to the leaders, but to all the disciples. It was a declarative right, and it belongs to every true disciple. Those who have received the gift of the Holy Spirit are in a position to declare to men that their sincere repentance brings forgiveness (Douglas). The opposite is also true.

III. From Doubt to Faith (vv. 24-25).

Thomas, who had doubts and who cultivated them by his stubborn attitude (v. 25), did himself and his brethren a serious disservice by being absent from the meeting on the evening of the first Easter Day. When he did appear, he had only doubt to contribute. Let those who make a custom of absenting themselves from the place of worship, and service beware lest they do likewise.

IV. From Death to Life (vv. 26-29).

Christ arose from the dead not just to show that He had power to do so, but, as Paul puts it, "for our justification" (Rom. 4:25). The reality and dependability of the entire plan of salvation hinges on the return of Christ from the dead. Had the grave held Him, His claims of deity and of the ability to forgive sin would have been entirely discredited. Because He lives we shall live.

The experience of regeneration is therefore founded in Scripture on passing from death to life (John 5:24). Thomas saw the Lord, and believing, passed from doubt to faith. We cannot see Him now, but we have the blessed privilege of believing and thus receiving life (vv. 29, 31).

This was the message which the now radiant and empowered disciples went out to preach. The book of Acts tells us how effectively they did it, and shows how much of their preaching centered on the fact of the resurrection.

The command and the commission was not to them alone, but also to all of us who believe in Christ. May God take out of us the fear of men, overcome our weakness, and send us out with renewed faith to make this life-giving message known to our fellow men.

# How to prepare TIN CANS for collection

1 After emptying contents, wash the can thoroughly.

2 Cut off bottom, as well as top of can, or cut open, so that can may be flattened.

3 Step heavily on can to flatten—do not flatten by hammering. Now tear off the top and bottom flaps. Labels printed on can need not be removed.

4 Save your cans for tin can collection. Keep separate from other scrap. Tin collection has not yet started, save your cans until a dry place prepared can be thrown into it.

## MR. TALBOT WRITES

Well, how are you today, Mr. J. J. Jaxon? "I am fine, how are you, Mr. Talbot?" "I am o. k." says he. "How does everything seem to be about it?" Says I: "It looks to me like everything is going to destruction if it continues on like it is going. It seems to me like there is more 'bull' and red tape to everything than there should be. The way I see it, things are in a mess."

Says he: "Old man, you seem to be looking on the dark side of life today." Says I: "You get me wrong, I want to look on the right side of life." Says he: "Behind every cloud there's a silver lining. Look on the bright side." "Yes," says I, "but you know the lining wears out sometimes. I may be color blind or was just born on the wrong time of the moon, but right now it seems the dark side's up."

Says he: "What can you do about it?" Says I: "I could I would change some things, but I might make worse mess of things than what it is, but I would certainly change or improve farming conditions. It looks to me like they are killing the 'groose' that lays the golden egg," or robbing Peter to pay Paul." You know you can't make brick without something to make them with. So it is with farming. They are calling on the farmers to make or produce more food, yet he is being handicapped when he can't produce the goods. I don't care if we had millions and millions of dollars, and all the riches of the world, without something to eat, it would be a complete failure, and if this thing goes on like it is now going, the eating is going bad. Yes Mr. Jones, it looks to me like there's a dead cat on the line!

## BULLETIN AVAILABLE ON EDIBLE SOYBEANS

Auburn, Ala.—Alabama farmers are manifesting considerable interest in growing edible soybeans to use as a meat substitute.

To answer requests for information on the kinds of beans to grow, the fertilizer to use, the cultural practices to follow and recipes to use, the Alabama Experiment Station has prepared and published a bulletin entitled "Edible Soybeans." Copies may be obtained from county agents or by writing the Alabama Experiment Station, Auburn.

"Edible soybeans are easy to grow and success is usually assured because of their

high drought and insect resistance," says the station. "These characteristics of edible soybeans are of particular value during the hot, dry periods in August and September when other vegetable crops are likely to fail."

Prevent cuts and bruises by placing sharp tools, such as rakes, shears and axes, where no one can step on prongs or walk into cutting edges.

## THE SOLDIERS

My best friend left for the Army. One day last fall. We gave him a party. Before he filled the call.

He's got only one thorough Since he went away. It was the other Sunday. Two weeks ago today.

I always write him letters. That's all that I can do. But I think of all the things Who are fighting too.

But there are plenty of others Who are far, far away. They think of their friends And their homes every day.

Some day the war cheers Will ring through the land, And soldiers will come back To their own native land.

But at present they're fighting. And heroes they'll stand, With aches in their hearts, And gun in their hand.

So wake up, people. Just think of your boys. Who are risking their lives. To bring back our joys.

Japan will keep fighting. But some day she'll fail. And bring back to our country. Our boys, one and all.

Buy War Stamps and Bonds. Help every way you can. Just anything. To help win Japan.

We'll keep saving and helping And doing our best. Now, boys, get up then. And put them to rest!

By Cupiduous Owens, Elba, Ala. H. 5.

Four rattlesnakes found in one hole

Ben Burr, colored farmer, reports that he and others killed three giant rattlesnakes one day last week between the Brunson and Joel Irvin places in beat 9, near New Brockton. Burr said four snakes were found under one lighter root and killed, and another was burned up in the fire that was built to smoke the reptiles out of their den.

Judging by the number of rattles, the rattlesnakes were 18, 17 and 16 years old, respectively, and, according to Burr, the largest he ever saw.

## TURN IT DOWN

After Liquids Start Boiling and Your Electric Range Burners Should Last Longer

When cooking liquids reach 212° temperature the water in them vaporizes into steam. Increasing the heat to make them "boil faster" therefore gains nothing more than causing the liquids to evaporate faster.

If after liquids begin boiling you will turn the switch on your electric range to "low" or "medium," they will continue to boil and cook just as satisfactorily as they would were you to finish the job on "high." Turning the switch to "low" not only saves current for you but eliminates some of the wear on your electric range burners.

Another cooking hint: Don't use soda with green vegetables to retain the green color; it will do that, but it will also drive off some of the vitamins.

It's not too late to make your contribution to the Red Cross.

## Goodson Cross Roads News

(Entered for last week)

Hello, folks, and greetings to all! Well, it seems that the weather hasn't made up its mind yet, since we are still having a lot of ugly weather. But we see most of the farmers are moving right along with their work and will soon be planting, for we might know by now that Spring is just around the corner, and too, when the buds begin to swell and the snakes begin to crawl—they are very good signs.

Just a few days ago our good friend, Forrest Parrish, told us that while plowing in his field, he killed one of the largest rattlers he ever saw or ever heard of. He stated that the snake measured more than seven feet in length, 15 inches around and had a string of rattles a foot long on each end. What a snake! and perhaps it may mean something more than spring of the year. Ha! ha!

Messrs. C. C. Goodson, Chas. A. Goodson, Pvt. Clayton Goodson and the writer were visitors in the home of Mr. and Mrs. Louie Maddox, of the Woodland Grove community, Sunday afternoon, where a nice crowd was present, and the evening was spent in playing music and singing songs, which was enjoyed by all. Then the crowd met at the home of Mr. and Mrs. C. C. Goodson for more singing and a real musical entertainment. Sunday night, and all reported a nice time.

We wish to congratulate the good singers of Woodland Grove community and wish to be with them again soon.

Among those attending the party at the home of Mr. and Mrs. Roy Goodson Monday night, given in honor of Pvt. Clayton Goodson, before returning to camp on Tuesday, were: Mr. and C. C. Goodson, Mr. and Mrs. Charles A. Goodson and family, Miss Mattie Lou Goodson, Mr. and Mrs. Lee Keal, Mr. and Mrs. Ed Goodson, Mr. and Mrs. R. B. Miller, Mr. and Mrs. Tenion Smith and family, Mr. and Mrs. Edgar Littleton, Mrs. Leo Harrison, Misses Wilma Crawley, Lois Crawley and Erue Nell Nolin. Messrs. Willie Crawley, Roy Nolin, Dock Littleton, Hubert Wise, Wilford Rachel, Howard Rachel, Joe Frank Goodson, Pvt. Clayton Goodson and the writer, Cliff Goodson, and others. All reported a good time.

Let's all remember the boys in service by making every effort to win the war in the shortest time possible and the victory shall be ours by and bye.

With best wishes and good luck to all. Cliff G.

## DAMASCUS SINGING

The Sacred Harp singers and lovers of singing met at Damascus schoolhouse Sunday, March 14, and enjoyed a good old-time singing.

The house was called to order by H. O. Dyess, who sang three songs, then went into organization, electing H. O. Dyess, chairman. Then Mr. Clark led the introductory lesson. The following leaders were used: A. T. Hundley, J. C. Tyler, J. F. Wise, Morgan Heath, G. F. McCall, Dr. J. Dyre, S. A. Powell, C. W. Byrd, W. M. Wilkerson, W. C. Clark, S. W. Owens, John Wise, Noah Heale, A. A. Blocker, G. L. Beck, T. F. Sanders, Dr. Holley, Joe Sanders, and D. F. Wilks.

A welcome address by J. E. Pittman and a short talk by Dr. Holley. Dismissed one hour for noon.

During the afternoon session the following leaders were used: N. A. McIntosh, J. W. Grimes, Mrs. T. F. Sanders, Mrs. A. A. Blocker, Mrs. G. W. Owens, Mrs. W. C. Clark, J. W. Driskill, M. O. Meadows, E. A. Wilks, R. H. Moore, Ray Taylor, Arch McIntosh, Albert Wiggins, A. G. Davis, H. W. Dean, W. L. Martin, Edner McIntosh, Dr. Ham Morgan Mathews, Dess Hundley, A. M. Smith, Mrs. Fred Nease, F. M. Cain, J. W. Maddox, Dr. O. Dyess, J. P. Bradshaw, A. A. Davis, L. N. Phillips, U. B. Hudson. Closed by chairman.

The body was laid to rest in New Home cemetery with Bonneau-Jeter in charge of funeral arrangements.

To the People of Basin, Curtis and Surrounding Communities:

We wish to express our sincere thanks and appreciation for the many acts of kindness shown us after the unfortunate accident that occurred at the Curtis school last week. While we are deeply grieved at the untimely passing of our daughter, we feel that it was something he could not help. There has always been a strong tie of friendship between the Young and Cain families. This unfortunate accident has in no way severed that relationship. We wish to assure our friends that their words of sympathy, prayers and assistance have made the load lighter for us. Especially are we grateful to the school authorities, the Funeral Home, the minister, and all who rendered any services whatsoever.

## WIL CURB FOOD BLACK MARKET OPERATIONS

By Hugh D. Sexton,  
Secy. of Co. USDA War Board.

The Secretary of Agriculture has assigned to the Coffee County USDA Board certain responsibilities in connection with Food Distribution Orders 26 and 27. These orders are for the purpose of helping to stamp out "black market" operations in meats and to provide for an equitable distribution of our meat supplies.

Effective March 31, 1943, every livestock dealer, local slaughterer, butcher and farm slaughterer must have a permit in order to operate. After March 31, 1943, these groups must keep accurate records of their business. The Coffee County USDA War Board will issue the necessary permits.

Classification of slaughterers under Food Distribution Order 27 are as follows:

1. Local slaughterers include all persons who in 1941 slaughtered livestock with a total live weight in excess of 300,000 pounds.

2. Butchers include all persons other than farm slaughterers who in 1941 slaughtered livestock with a total live weight of not more than 300,000 pounds.

3. Farm slaughterers include all resident farm operators who in 1941 delivered meat from the slaughter of livestock having a total live weight of not more than 10,000 pounds.

Farmers who slaughter exclusively for home consumption on their farms are not covered by Food Distribution Order 27. Under the terms of the slaughter order the person who owns the livestock at the time of slaughter is considered the slaughterer regardless of whether he does the slaughtering or whether it is done by some one else for him.

Thus, a person who slaughters for hire or on a custom basis is not affected by the order except as the order affects the person for whom he slaughters.

Under Food Production Order 26 farmers, growers and feeders are not required to have permits to buy and sell livestock, but are expected to keep records of all their sales and purchases of livestock.

A farmer who sells or transfers meat in any quantity is required to have a slaughter permit. To obtain a slaughter permit farmers will be required to furnish the following information:

Either the number of cattle, calves or hogs slaughtered in each quarter of 1941, or the total live weight of all livestock slaughtered from which any meat was delivered in each quarter of 1941.

The Coffee County USDA War Board will be in session at the New Brockton High School on Friday, March 26, at 10 a. m. The board will discuss Food Production Orders 26 and 27 at this meeting, as well as issue permits to eligible persons affected by the orders. All persons interested are invited to attend the meeting.

Cpl. and Mrs. Charles Brown, from Camp Gruber, Okla., are home on a furlough visiting friends and relatives in Elba. Cpl. Brown is returning Wednesday to Camp Gruber, leaving Mrs. Brown with his and her parents during the month of April while he is on maneuvers.

Mrs. Sam Byrd, of Cordale, Ga., spent several days here last week, guest of her parents, Mr. and Mrs. J. O. English.

Mrs. Eva Easters and Miss Bette Braswell accompanied Cadet Douglas Easters to Albany, Ga., Sunday afternoon of last week and returned the following Monday.

Sgt. and Mrs. Jesse Norman, of Camp Rucker, spent his ten-day furlough with Mrs. Norman's family and relatives in Elba.

## County Agent's Column

By HUGH D. SEXTON  
County Agent

The Agent predicts that

in the very near future eggs

will be bought on a graded

basis just as cotton, peanuts

and hogs are bought on a

graded basis. For this reason

all farmers should do

everything possible to mar-

ket a good product.

The farmer's problem is

to keep quality in his eggs

until they reach the market.

This is the first step in suc-

cessful marketing. An egg

saved is worth as much in

winning the war as an extra

egg produced. An egg that

rots helps the enemy.

To keep eggs fresh and

prevent spoilage farmers

should observe the follow-

ing:

(1) Have plenty of clean

nests. One nest to every 4

to 5 hens.

(2) Gather eggs fre-

quently on rainy days. Or

keep hens out of mud.

(3) Keep roosters out of

flock unless hatching eggs

are being produced.

(4) Never wash an egg.

(5) Break broody hens

early. By setting on nests

they lower the quality of

eggs laid by other hens.

(6) In warm weather col-

lect eggs at noon and again

at night.

(7) Keep eggs in a cool

place until they go to mar-

ket.

(8) Packing eggs in cot-

tonseed reduces their mar-

ket value.

(9) Before marketing

eggs cull out all dirty,

cracked and undersized. Use

culls at home or sell them

separately for what they

will bring.

(10) Market once or

twice a week.

(11) By all means feed

a balanced ration and pro-

vide plenty of fresh, clean

water.
